EdalafSMS
Known Facts

Facts

- We have Schools on our platform since over a decade

- Never recorded downtime since we started. Meaning never a time our server was down due to maintenance

- Software was built with a hybrid language to minimize data consumption

- Server response is less than 1.5 secs (you can verify www.edalafsms4.com on GTMetrix.com). It was built for speed

- Never been hacked (Highly secured)

- Over 3000 active functions on the portal

- >75% have successfully used the software without little or no training at all. Meaning its so easy to use

- Functions highlighted on the profile is less than 50% of the total functions

- Over 50 functions are added every month

- Zero failed function on the software

- Software works on all devices with browsers which includes Laptop, desktop, tablet and mobile telephone as well as the operating systems iOS, Windows, Android, MacOS, and Linux

EdalafSMS
Frequently Asked Questions

FAQs

1. *How many devices can make use of Edalaf SMS at Once :*
   Unlimited devices can connect and make use of your portal at once without slowing down the speed

2. *Can I retain my School's templates such as term result, broadsheets etc. :*
   Yes, we can customize your portal to generate reports exactly like your existing template or with better modifications

3. *How do I get my existing data on my current software to Edalaf SMS :*
   We can help convert your data to excel and upload directly on your Edalaf SMS portal within few hours.

4. *Does Edalaf SMS have a classroom management software just like zoom to teach Leaners :* **Yes, Edalaf has a live classroom module that works exactly like zoom and google classroom and even more. Now you don't need to send links, highly secured, well integrated with School e-library for future references, and so much more.**

5. *Can foreign currency be received in School's naira bank account :*
   Yes, The online payment integration can accept payment from any currency into your Naira account. So international students can make payments easily to the School

6. *How long does it take to setup Edalaf School Management Software for a School :* **Less than 6 hours**

7. *Do I need to frequently backup my data to avoid data loss :*
   No, Edalaf has several backup servers to help in auto backups which will be provided on your request

8. *Can I use my phone to access EdalafSMS Portal :*
   Yes, Edalaf SMS can be accessed using your mobile phone, tablets, laptops and desktops

9. *Are there hidden charges on Edalaf SMS :*
   There are no hidden charges on Edalaf SMS except the request requires a third party
